VOTESTACKER Corporation

Mara a lago
Florida.

Dear ,Mr ex President.

Find attached the invoice for payment, resubmitted again, for
\$75,000000.

We delivered as promised the 75 million votes. In boxes and all
counted. With the 1000000 actual votes you got on your own, it all
came up to 76million, give or take.

If you had gone to the \$85M as Bart Gubbins our anaylist
recommended you would still be in the White house.

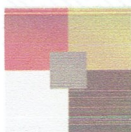

I appreciate it was your money that you were promising but you
are a fucking cheapskate.

You want respect pay your bills on time.

Next election of you want us, this account must be paid and the
next time it is full cash before we even print a ballot.

Sincerely,

E Charles Noodleman.
